## VOTE ON MEASURE TO GAG DEBATE IS EXPECTED TODAY

### SUPPLIES OF COAL SAID TO BE DWINDLING

Industrial Spokesman Certain of One Thing That Little Fellow Is Biggest Loser

#### RETAILERS PINCHED

Pittsburgh, March 17—(AP)—Wintery blizzards in many areas of the country today built up a potential threat to coal users in the mine shutdown.

The four day old combined memorial and protest work stoppage of about 460,000 hard and soft coal miners started with a huge 70,000-ton above-ground supply. But extended cold weather whittles it down fast.

In this bituminous center, the retail coal dealers reported stocks in coal yards were expected to suffice—unless the work stoppage was prolonged or the weather stayed below freezing.

Poor distribution of bituminous coal in other areas an official said, would affect householders who, with perennial optimism, ran into March with only a ton or two in their bins.

A spokesman for U. S. Steel Corp., one of the nation's biggest coal users, declined to say how much fuel the firm had in reserve. But he commented, "at present, U. S. Steel plans to continue normal operations."

Other industry spokesmen forecast hardship for the individual instead of the big consumers. Ralph Taggart, chairman of the Anthracite Operations Association at Wilkes-Barre, demanded John L. Lewis end the work stoppage.

In a telegram to the labor chief, Taggart said, "homes, hospitals, schools, and other public institutions are now short of fuel."

Coal miners themselves were feeling the pinch. The pre-Easter wage loss meant many wives and kids would be wearing last year's finery on the holiday. Families of more than 67,000 railroad workers, laid off because of mine shutdowns, would be in the same fix.

In Harrison County, W. Va., the first act of violence in connection with the mine shutdown was reported yesterday. State Trooper P. D. Swager said about 20 carloads of pickets forced nine trucks hauling coal from non-union mines to dump their coal on the highway.

Near Pittsburgh, roving pickets were also reported molesting trucks hauling non-union mined coal.

Allegheny County Sheriff Walter Monaghan said the James Brothers Contracting Co. telephoned him their trucks were being halted by UMW pickets. The sheriff said he planned no action, and had referred the complaint to police.

John P. Buzarelli, president of UMW District 5, minimized the complaint.

**CONGRESS PROBE OF WIRE TAPPING LOOMS**

New York, March 17—(AP)—Feasibility of a congressional inquiry was rumored today as New York City's Democratic representatives were summoned to an "all-important" conference with Mayor William O'Dwyer in the midst of the city's wiretapping investigation.

Telegrams sent out by Rep. Emanuel Celler (D-N. Y.) had called the congressman to meet the mayor at City Hall Saturday.

### Administration Plan To Hike Workers' Benefits Is Rolling Toward a Vote In The House

Harrisburg, March 17—(AP)—Administration bills setting up self-financed authorities to operate long-range building projects passed the senate today with three Republicans voting against them.

The vote was 47-3 on the measures re-creating the General State Authority and a separate Highway and Bridge Authority.

Recorded against the bills backed by Rev. James H. Duff were Sens. O. J. Tallman, Lehigh; John G. Snowden, Lycoming and George N. Wade, Cumberland.

The house at the same time rolled toward a vote on another group of Duff's measures increasing workers' maximum benefits under the workmen's and unemployment compensation and occupational disease laws from \$20 to \$25 weekly.

The compensation measures—they liberalize payments under the workmen's unemployment and occupational disease laws—came to the final tally after surviving a five-hour union-sponsored battle to boost benefits still higher.

A senate-APL move in that direction came within a vote of succeeding. A proposal offered by Rep. Delbert Dalrymple (R-Erie) to make the maximum benefit for workmen's compensation \$22 a week was defeated 102-101.

A CIO Pennsylvania Industrial Union Council proposal for a \$35-a-week maximum lost 105-95.

But the potent Democratic majority aided by some GOP members did succeed in revising the administration workmen's compensation bill to change the method of calculating benefits below the \$25 a week top.

Rep. Lewis Evans (D-Cambria), sponsor of the change, explained that it provides for benefits based on normal full-time wages rather than actual earnings in a specified period, often reduced by part-time work.

Another proposal to increase from \$5,000 to \$12,500 the ceiling on total disability payments for miners' asthma was defeated only by a 100-99 vote.

In addition to providing for increased maximum benefits, the administration plan calls for a \$12.50 minimum for workmen's and occupational disease payment instead of the present \$10. It could provide a minimum of unemployment compensation was unchanged.

The administration bill also calls for boosting medical benefits from a maximum of \$150 to \$250 in injury and sickness cases and the period for care from 60 to 90 days.

Efforts of Democratic lawmakers to make medical and surgical benefits unlimited were defeated as were proposals to increase benefits for orphans and widows of workers killed on the job.

**"Peace" Conference Raises Question of Equal Treatment**

Washington, March 17—(AP)—Critical lawmakers said today that if Soviet delegates are to be admitted to this country for a "world peace conference," Americans should get equal treatment from Russia.

Several times in the past, Moscow has refused to let in congressional committees or individual lawmakers.

But the State Department said yesterday that 22 delegates from Russia and other Communist dominated nations will be allowed to attend a peace conference called by the National Council of the Arts, Sciences and Professions. It will be held in New York beginning March 25.

Chairman Wood (D-Ga.) of the House Un-American Activities Committee said his group may look into the matter. Senators Mundt (R-SD) and Ferguson (R-Mich.) were critical of the State Department's action.

The department itself said in its statement that the Communist delegates surely will find it impossible to express a view "other than that dictated by the political authorities in Moscow."

And the forecast that "Communists will attempt to use and manipulate" the conference.

The committee staff is reported to have been going over a list of foreigners who probably will come to the conference. This check-up is understood to have shown that many are communists or have strong communist ties.

### MOVE MADE TO RE-ARREST MISS COPLON

Grand Jury at Washington Returns Second Indictment Against Federal Employee

#### ESPIONAGE CHARGED

Washington, March 17—(AP)—The government today moved to re-arrest 27-year-old Judith Coplon, until recently a justice department employee on new indictment charges her with specific acts of spying against the United States.

A federal grand jury here late yesterday returned a second indictment against the young woman. She was first arrested 14 days ago in New York City along with Valentine A. Gribitchev, 32, Russian engineer employed at United Nations headquarters.

The two were jointly indicted by a New York grand jury last week on espionage conspiracy charges.

In New York, Thomas J. Donegan, special assistant to the attorney general, conferred today with Miss Coplon's attorney. Later Donegan said the woman would surrender at 10:30 a. m. tomorrow in Washington.

The new indictment in the district of Columbia, specifically accuses Miss Coplon, former political analyst in the Justice Department's Foreign Agent's Registration Section, of copying and removing official department documents. It alleges she acted "with intent and reason to believe the information was to be used to the injury of the United States and to the advantage of a foreign nation."

The grand jury said the material included data on the national defense and confidential reports of the FBI on spy and counter-spy activity in this country.

Miss Coplon pleaded innocent to the conspiracy charge at New York, and was released on \$20,000 bond. Gribitchev, however, has challenged the entire proceedings, claiming diplomatic immunity from arrest. He has refused to enter a plea, hire an attorney, or make any move toward posting the \$100,000 bond fixed for his release.

The State and Justice Departments and United Nations officials have asserted that diplomatic immunity could not be claimed in response to such an accusation.

However, the second indictment against Miss Coplon alone, covering alleged acts in the District of Columbia, appeared to be a backstop action. It could provide a separate, early trial for her in the event the diplomatic immunity issue becomes a long-drawn-out legal battle.

**Will Investigate Transfer of Deshon**

Harrisburg, March 17—(AP)—A senate investigating committee will go to Washington next Tuesday to "find out the facts" involved in the sale of the Deshon hospital at Butler to the U. S. Veterans Administration.

Chairman Albert Pechar (D-Armstrong), said his group will meet with top officials of the VA to discuss the transfer of the hospital to the federal government.

The senate investigation was ordered after a federal court turned over the Deshon institution to the VA in condemnation proceedings.

Pechar said his committee will attempt to find out in Washington the plans the federal agency has for the hospital.

Committee members who will confer with federal officials in Washington include Pechar, Sen. John H. Dent (D-Westmoreland), Sen. Murray Peelor (R-Indiana), Harry Stanbaugh, deputy attorney general, and Charles R. Barber, secretary of welfare.

**COSTLY BARN FIRE**

Altoona, March 17—(AP)—Fire destroyed a large dairy barn on the A. E. Martz farm near Williamsburg yesterday. Loss was estimated at \$15,000. Twenty-seven head of cattle were led to safety but a large amount of farm machinery, dairy equipment and crops was destroyed.

**Highway at Garland Used As Runway For Plane Take off**

Route 27 at Garland today was used as a runway for an airplane whose pilot and passenger made an emergency landing on the Charles Moore farm during a snowstorm last night.

### Presence of Grand Exalted Ruler Attracts Hundreds of Visiting Members of B. P. O. Elks to Warren For Reception And Banquet

#### Life Sentence Is Given Youth In Quaker City

Philadelphia, March 17—(AP)—Seventeen-year-old Seymour Levin was sentenced to life imprisonment today for the Jan. 8 sex slaying of a 12-year-old boy.

Three judges fixed the degree of guilt at first degree murder. The youth had pleaded guilty to a general charge of murder.

Testimony was heard two weeks ago in an effort to determine the degree of guilt.

The court's decision said that Levin:

"Knowing that the members of his family were absent, entered into his home 12-year-old Ellis Simons, a stranger to him, and there committed upon that child an act of perverted sexual lust which an examination of the physical remains of the child incontrovertibly established."

Young Simons' body, mutilated and hacked with a bread knife and scissors was found behind a garage at the Levin home in a residential suburb of Philadelphia. The body bore more than 50 stab wounds.

In imposing life imprisonment on Levin, Judges James Gav Gordon Jr., Eugene V. Allosandoni and Gerald F. Flood said their decision was motivated by three factors:

1—The youthfulness of Levin.

2—The sudden and impulsive character of the act.

3—His psychiatric status.

The court added that "for the first two reasons alone, we think after a careful weighing of the right and interest of society, on the one hand and of the defendant, on the other, that justice requires us to fix the penalty at life imprisonment."

#### Farrell Man Hijacked Of \$2,485 Roll

Farrell, March 17—(AP)—Police of two states today hunted two armed bandits who hijacked a \$2,485 payroll in front of the S. J. Gully bank here yesterday.

The men made off with the payroll after kidnapping Ralph J. Johns, foreman for the Bell Construction Co., and carrying him in his own car across the state line into Ohio.

There were no witnesses to the holdup. Johns told officers this story:

"I walked 14 checks in the bank and cashed out to his car. A man climbed in beside him, pushed a gun into his ribs and ordered: 'Drive!'"

Johns did. He noticed a maroon car, a 1947 sedan which also had been parked outside the bank, followed along behind him.

**Joint Board of Education For Youngsville And Six Townships To Be Discussed**

A meeting which will have a far reaching effect on the school life of every child in seven districts of the western end of Warren county, will take place on Friday evening, March 25, in Youngsville high school, when boards of education from Brokenstraw, Pittsfield, Deerfield, Eldred, Freehold and Spring Creek townships, and Youngsville borough, will make final decision upon the formation of a joint school board.

#### Distinguished Visitor

George I. Hall, Lynnbrook, N. Y., grand exalted ruler of the Benevolent and Protective Order of Elks, who arrived in Warren early this afternoon with a group of other grand lodge officers and will be entertained at a banquet by the local lodge at the State Armory at seven o'clock this evening.

Bringing a plea for Elks to defend democracy with a passionate devotion, Grand Exalted Ruler George I. Hall of New York, and party, including Grand Secretary J. E. Masters and assistant Grand Secretary F. J. Schrader, both of Chicago, arrived in Warren from Pittsburgh early this afternoon and immediately started a round of activities that will keep him busy engaged until after midnight tonight.

The program for the grand exalted ruler's visit to this community, which will attract several hundred from Elk lodges throughout this part of Pennsylvania and southwestern New York, provided for a luncheon at one o'clock with the local executive committee headed by Exalted Ruler Ruel H. Smith of Warren lodge; a broadcast to schools of the borough and county from WNAE Station, at 2:45 o'clock; round of informal visits and trips during the remainder of the afternoon, concluding with an informal reception at the Elk club at six o'clock this evening, followed by a banquet at the State Armory at seven o'clock, with Eugene W. F. Cruesett extending a welcome to the distinguished visitor on behalf of the borough of Warren. The lodge welcome will be extended by Exalted Ruler Smith, after which the program will be turned over to Lee A. Donaldson of Pittsburgh, president of the Pennsylvania State Elks Association, who will preside as toastmaster and make the formal introductions of other grand lodge state association and district guests.

The grand lodge visitors were met by the Warren lodge executive committee and a police escort on their arrival at Irvine en route from Pittsburgh. They were taken immediately to the Elk club for an informal reception before adjourning to the Carver Hotel for luncheon.

Mr. Hall, having covered practically every state in the union since the beginning of his administration last July, is in a splendid position to give his audience a splendid report on economic and other conditions of the country.

The party arrived in Pittsburgh during the night and left there early this morning by automobile for Warren. A large delegation of members of Sharon lodge arrived in Warren during the day and will attend the banquet this evening accompanying Mr. Hall to that place tomorrow where he will be (Turn to Page Nineteen)

**Unlucky Day For Los Angeles Irishmen**

Los Angeles, March 17—(AP)—Here's one Irishman who must celebrate St. Patrick's day in jail because he took a locomotive out on a foot.

Police testified in court yesterday that Edward O'Sullivan, 28, snatched down to the railroad yards, spotted a Diesel engine, climbed aboard and applied the throttle. He was charged with tampering with a locomotive.

Railroad officials said the excursion tangled yard traffic.

Judge Louis J. Kaufman said 180 days.

**Rumors Of "End of World" Cause Minor Panics In Reich**

Frankfurt, Germany, March 17—(AP)—A minor panic gripped backward rural areas of western Germany today over rumors of the "end of the world."

The rumors that today is the last day for mankind have been growing throughout Germany for several weeks. They have been based upon a publicized prediction of an astrologer whom nobody can identify.

### COALITION IN FIRM CONTROL OF CONGRESS

Congressional Leader Concede Privately Democrats Have Lost Truman Fight

#### PROGRAM IS RIDDLE

Washington, March 17—(AP)—Congressional leaders concede privately today that Democrats have lost control of the 81st congress despite a majority in both house and senate.

Development of the past few days, they said, indicate that a coalition of Republicans and Southern Democrats could run things from now on.

And that means President Truman's "fair deal" program is a serious trouble.

The long argument over changing the senior rules to cur filibusters rumbled on even though the issue is settled. Truman Democrats, who lost their case, are still resentful.

A confident alliance of 25 Republicans and 30 Democrats—more than enough to decide the issue—asked only one question: When do we quit talking an start doing?

Democratic Leader Lucas of Illinois who owns the title of majority leader—promised a vote to day leading up to the Republican Southern Democratic version of how to gag senate debate.

Lucas freely and sadly admitted he has lost the Truman fight.

In three days this week the coalition (1) riddled the president's rent control bill with amendments in the house, (2) gave the administration a beating on the senate filibuster battle, and (3) slammed the door shut on the passage of the National Security Resources Board.

House Republican Leader Martin of Massachusetts predicted the other major proposals will fail just as badly. Democratic leaders would not admit for public consumption they have lost the reins, but privately acknowledge trouble.

The filibuster, which ended Tuesday night but still needs vote to make it officially dead, was a case in point.

Lucas said the senate definitely would vote today on a compromise debate-limiting bill which he admits frankly is not a compromise but an administration defeat.

Instead of allowing a vote on the issue of those present to get Senate it permits two thirds of the entire senate 64 out of 96—a limit debate on anything except a move to change senate rules.

In simple words, that means minority group can still tie up the senate with talk.

With the filibuster virtually out of the hands of the senate, attention to major legislation has been delayed by the talkathon. Number one on the list was rent controls, which expire March 3 unless action comes quickly.

Chairman Maybank (D-S.C.) of the senate banking committee predicted his group would approve 15-month extension of controls with provision for boosting some rents 15 per cent over 1947 level. This was approved late yesterday by the group's subcommittee.

The measure isn't what the president wanted, but it's a lot closer to his requests than the house-approved bill that authorize state and local officials to remove controls whenever they want to.

The senate bill doesn't have the clause it does have that would let landlords boost rents 15 per cent in October 1, 1949 and another five percent every six months as long as federal rent controls are in effect—up to a total of 15 percent. The hikes would be figured with the rent of Jan. 25, 1947 as the base. Any increases since then would have to be figured into a permitted 1 percent boost.

It seems pretty certain the house and senate bills will have to be compromised by a joint committee, then move back to the floors of both chambers for passage.

### President May Strike Back At His News Conference Friday

Key West, Fla., March 17—(AP)—President Truman indicated willingness today to strike back at a revolting congress.

This was the interpretation some of his associates placed on his announcement he will hold a news conference at 9:30 a. m. tomorrow at his winter White House on this naval submarine base.

The president called the conference late yesterday upon his return from a two-hour fishing trip in which he caught a 16-pound barracuda and a grouper of equal weight.

That topped the performance of his entire official party.

### FORMER SCHOOL HEAD 81 YEARS OLD TODAY

Many in the community always recall that March 17 has another significance because its relation to the good Irish St. Patrick and former pupils from far and near joined in showering best wishes on P. W. M. Pressel on the occasion of his 81st birthday anniversary.

The former Warren borough school superintendent told the Times-Mirror in a special interview that he is consulting the best statistician at someone to learn if there is some way in which the digits may be reversed and he can "start all over again."

Mr. Pressel was remembered with many gifts at his home, a Congowang place, and a great many greetings and letters from former pupils, some of whom came under the guidance of his traditional yardstick as many as 40 years ago.

#### ROBERTO ROSSELLINI'S "PAISAN"

The Year's Most Honored Movie! With English Dialogue Starts Sunday at Columbia Theatre

"Paisan" Roberto Rossellini's new Italian-American film, which won the international awards at the World Film Festival in Venice and Brussels has been booked at the Columbia Theatre starting Sunday.

"Paisan" is Roberto Rossellini's first picture since his "Open City," which won the New York Critics Award in 1946 and which ran at the same World Theatre for two years. The dialogue is primarily in English and partly in Italian with six Americans: Gar Moore, Harriet White, Dots Johnson, William Tubbs, Dale Edmonds and Robert Van Loan, in featured roles. The scenario and dialogue was written by Sergio Amidei, author of "Open City" and "Shoeshine," in collaboration with Alfred Hayes, author of "All Thy Conquests," Klaus Mann, Federico Fellini and Marcello Pagliaro.

Maria Michi who played one of the featured parts in "Open City" is also playing a leading part in "Paisan."

John Wayne and Gail Russell in "WAKE OF THE RED WITCH" At the Liberty Theatre Sunday, Monday and Tuesday

Those who like their movies swashbuckling and salty will welcome the advent of what will probably be a new cycle of sea-going films heralded by Republic's "Wake of the Red Witch" based on Garfield Ross's best-selling novel, which will open Sunday, Monday and Tuesday at the Liberty Theatre with Edmund Granger producing, Edward Ludwig directing and John Wayne and Gail Russell as the starring attractions. Sea films have been well received by the public ever since Spencer Tracy won an Academy Award for "Captains Courageous."

"Hurricane" and "Mutiny on the Bounty" were both smash hits and "Reap the Wild Wind" was one of the best films John Wayne ever made.

After a long succession—and to many a weavering succession—of psychological dramas this return to the sea may be the beginning of an entirely new era in film entertainment.

## Times Topics

## MEASLES OUTBREAK

An outbreak of measles was reported this morning among students at the Lovell's Station school with a large percentage of the rural pupils confined to their homes.

## MERCANTILE TAX YIELD

A new mercantile tax in Oil City has yielded to date this year a total of \$34,250 and is expected to bring in \$36,000. The old bill yielded \$12,800 last year.

## SYRUP PRICE DROPS

With sugaring operations in the Corry area entering the fifth week of favorable producing conditions, the price of the sweetening has dropped 50 cents to \$4.50 a gallon as a result of heavy production.

## FIREMEN AFTER FUNDS

Randolph township (Crawford county) firemen increased their campaign fund total to \$3,900 Monday following a house-to-house canvass. The volunteers seek \$10,000 for financing a fire hall and fire-fighting equipment.

## DIES AT 100

John Charles Young, who was 100 years old last August, died in his home near Bradford Sunday after an illness of only a few days. One of the Bradford area's oldest citizens, he enjoyed robust health despite his advanced age.

## PLAN ADVERTISING DRIVE

An extensive spring activities program, ranging from a cleanup drive to advertising the lake area, was outlined by Conneaut Lake Chamber of Commerce directors at a monthly meeting held Monday. As first step in the cleanup drive, a committee was appointed to try to secure a rubbish and garbage dump in the area.

## DREDGING PROJECT

Contractor W. L. Dunn of Cochran, Tuesday was scheduled to take over the half-finished job of clearing and dredging Conneaut creek as a flood-prevention measure in Conneautville. Dunn was offered the contract by the Buffalo office of the corps of engineers after a Buffalo contractor who started the project failed to complete it.

## POSTAL CLERK HURT

Herbert A. Damier, a railway postal clerk from Wilcox, was treated at the Corry Hospital at 7:30 o'clock Tuesday morning for a bruised and lacerated index finger on the left hand. Damier was injured while working on the train and was taken to the hospital when it arrived at Corry. Following treatment he was discharged.

## AFTER DELINQUENTS

Taking action on a matter previously debated, Meadville's school board Monday determined to attach wages or institute court suits in cases of delinquent per capita taxes. The motion stipulated the board's finance committee be directed to "take all necessary steps for forcing an immediate speed-up of delinquent tax collection by lawsuits or wage attachment."

## MAPLE SUGAR PARTY

Boy Scout Leaders and Troop Committees of Warren County Council were reminded today of a maple sugar party to be held in the Akeley grange hall this evening at 8 o'clock as a feature of the March Scouters' Roundtable. Hosts will be the troop committee members of Akeley Troop 15. Patrol and troop camping will be the theme for the Roundtable.

## BILL IS REFERRED

A bill to provide for the issuance of a postage stamp in commemoration of the 90th anniversary of the beginning of the petroleum industry at Drake well near Titusville has been deferred to the committee on Postoffices and Civil Service. Introduced by Rep. Leon Gavin, the stamp would bear a reproduction of a photograph of the original well and a likeness of Col. E. L. Drake.

## Operation Cowlift

Hot Shot, a cow belonging to Ray Kaufman, upper right, Halstead, Kan., farmer, doesn't care for the mechanical age. While being milked for the first time with a new milking machine, Hot Shot had enough of modern civilization and bolted upstairs to the hayloft. It took three men to hobble her and give the cow her first trip in the air.

## LUDLOW

Ludlow, March 14—Regular services were held at Moriah Church on Sunday morning with the Rev. Hans Pearson using as his sermon subject, "The Faith That Wins," Mrs. Gustav Olson using as her vocal solo, "The Name of Jesus" by Martin. Swedish services were held at 12 o'clock with Pastor Pearson preaching and women members of the congrega-

tion with Mrs. Ed Wenstran at the organ. Lenten services began on Ash Wednesday and will continue through the Lenten season at 7:15 p. m. every Wednesday. The Mission Home Festival was held in conjunction with this service last Wednesday evening, the meeting being opened by Martha Society President Mrs. Charles E. Carlson. Meditation was given by the Rev. Pearson, who also gave the Scripture reading and prayer. The program included a reading by Tillie Olson; accordion and organ

duet by Mrs. Wm. Hanson and Mrs. Ed Wenstran; song by the Women's chorus; organ and piano duet by Susan Anderson and Delores Johnson; vocal duet by Miss Norma Bergquist and Mrs. Anna Bergquist; song by Doris and Emily Johnson. Refreshments were served by Mrs. Jolmer Mattison, Mrs. Hans Pearson, Mrs. Axel Nelson and Mrs. Oscar Mortenson.

The Lutheran Brotherhood was entertained at its regular meeting by Albert Bramstang and Stanley Carlson at the church. The meeting was conducted by the president, Gustav Olson, who also gave the Scripture reading and prayer. The program included readings by Ernest Carlson and Emil Nelson, and vocal selections by Carl Swanson and Harry Carlson, accompanied by Mrs. Swan-

son. A social hour and refreshments were enjoyed at the close of the program.

The American Legion Auxiliary held its regular meeting at the Legion Hall with a fine attendance. The meeting was opened by the president, Mrs. L. B. Connelly. Members are reminded to bring gifts suitable for use as prizes at the Deshon Hospital at Butler, with most of the patients being men, at the next meeting or at the birthday party. Plans were completed for the birthday party, which includes all Legionnaires and their wives, all auxiliary members and their husbands, the dinner to be served at 6:30 p. m. at the American Legion Hall on Thursday, March 17th. Hostesses served delicious refreshments at the close of the meeting. They

were Benjamin Peterson and Mrs. Freda Swanson.

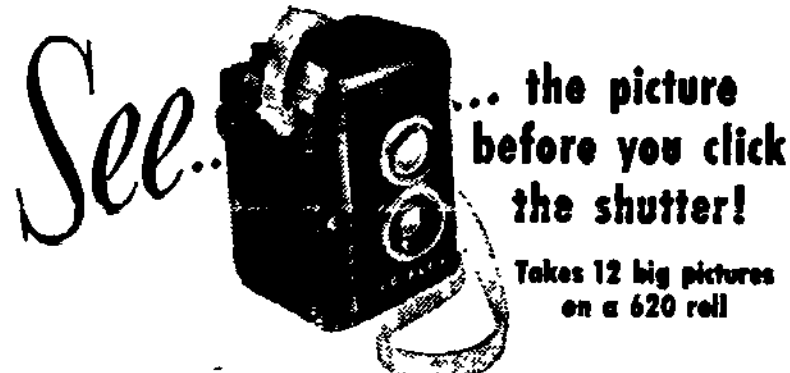

Mr. and Mrs. Arthur Christenson were honored guests at a surprise party given for them by the community. Toastmaster was C. H. Hanson. Accordion selections were given by Mrs. Ed Wenstran and Mrs. Wm. Hanson. Dancing and a social time were enjoyed before the presentation of a bookcase and a purse of money to the happy pair. Coffee was served in the late evening at a daintily appointed table.

The Community Association board and wives were entertained Friday evening at the Swan Valley Farm in Wetmore. The regular board meeting was held with cards

enjoyed later. The guests enjoyed very much the hospitality and the lunch served by Mr. and Mrs. Ernest Swanson, co-owners of the farm, and members of this group.

Mr. and Mrs. William Hanson had as their house guests recently Mr. and Mrs. Evar Swanson, Fullmore, N. Y. The Hansons had as Sunday guests Mr. and Mrs. Martin Sandburg, Neal Sandburg and Miss Doris Becker of Jamestown. Mr. and Mrs. Arthur Hanson and daughters, Beverly and Brinda, of Warren.

Mrs. Clarence Johnson, of Erie, was a weekend guest of Mr. and Mrs. Charles Fetzek. James Nelson, of Penn State (Turn to Page Eight)

# A Look at \$99,347,751 Worth of Business

**S**YLVANIA's Annual Report is being sent out to our stockholders and employees this month. When I looked at it, I felt pretty good about the company's sales record—people bought \$99,347,751 worth of Sylvania products in 1948.

But when I think of 99,347,751, in so many dollars, it's just a big number to me. Questions that come to my mind are:

- Who paid us all this money... and why were they willing to do it?
- Did we Sylvania's use this money wisely?
- Where is all this money?
- What happened to Sylvania's profits?

Those of you who like to check up on the figures themselves can get the basic facts from the statement down in the left-hand corner of this page—or you can get all the details, including a summary of our business over a seventeen-year period, out of the Annual Report itself.

However, I think it would be interesting to find the answers to the questions outlined above, as to where the money came from, how it was used, and where the money is now. And since it will take more space than I have got here to answer these questions, I'm just going to tackle a part of the job now. Today let's see where these dollars came from. Next week I'll discuss the way these sales dollars were used; and the following week I'll go into what has happened to Sylvania's profits.

Sincerely,

*J. E. Farley*

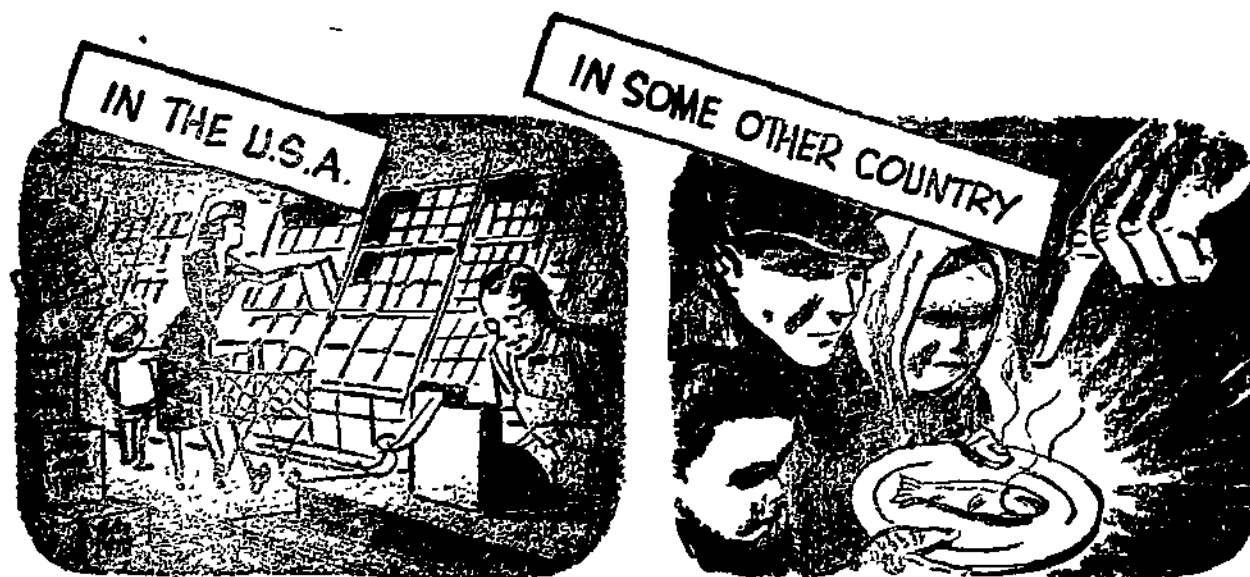

## ► WHY DID PEOPLE CHOOSE SYLVANIA PRODUCTS?

## ► HOW WERE WE ABLE TO SUPPLY WHAT THEY WANTED?

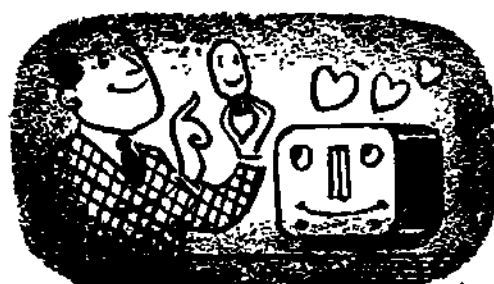

## In the good old U.S.A. people can choose what they want

### IT'S A FREE CHOICE SYSTEM

When millions of people picked out Sylvania products they did it because they wanted *Sylvania*, not because some dictatorial agency told them what they had to buy. In this country we still have the right to pick and choose as we please and to spend our money for the things we think will bring us the greatest pleasure, convenience, service and over-all satisfaction. This means that when people bought *Sylvania* products they felt they were getting the best quality and service they could find for the money they were able to spend.

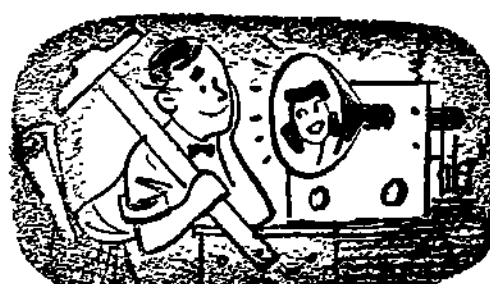

## All of us are proud that enough people had confidence in Sylvania quality and price to spend \$99,347,751 for Sylvania products

For example, a purchasing agent named Pete said, "It's Sylvania tubes we want to use in the radio sets we make."

And dozens of Joes and Jims used Sylvania fixtures wherever they wanted to get really good lighting installations.

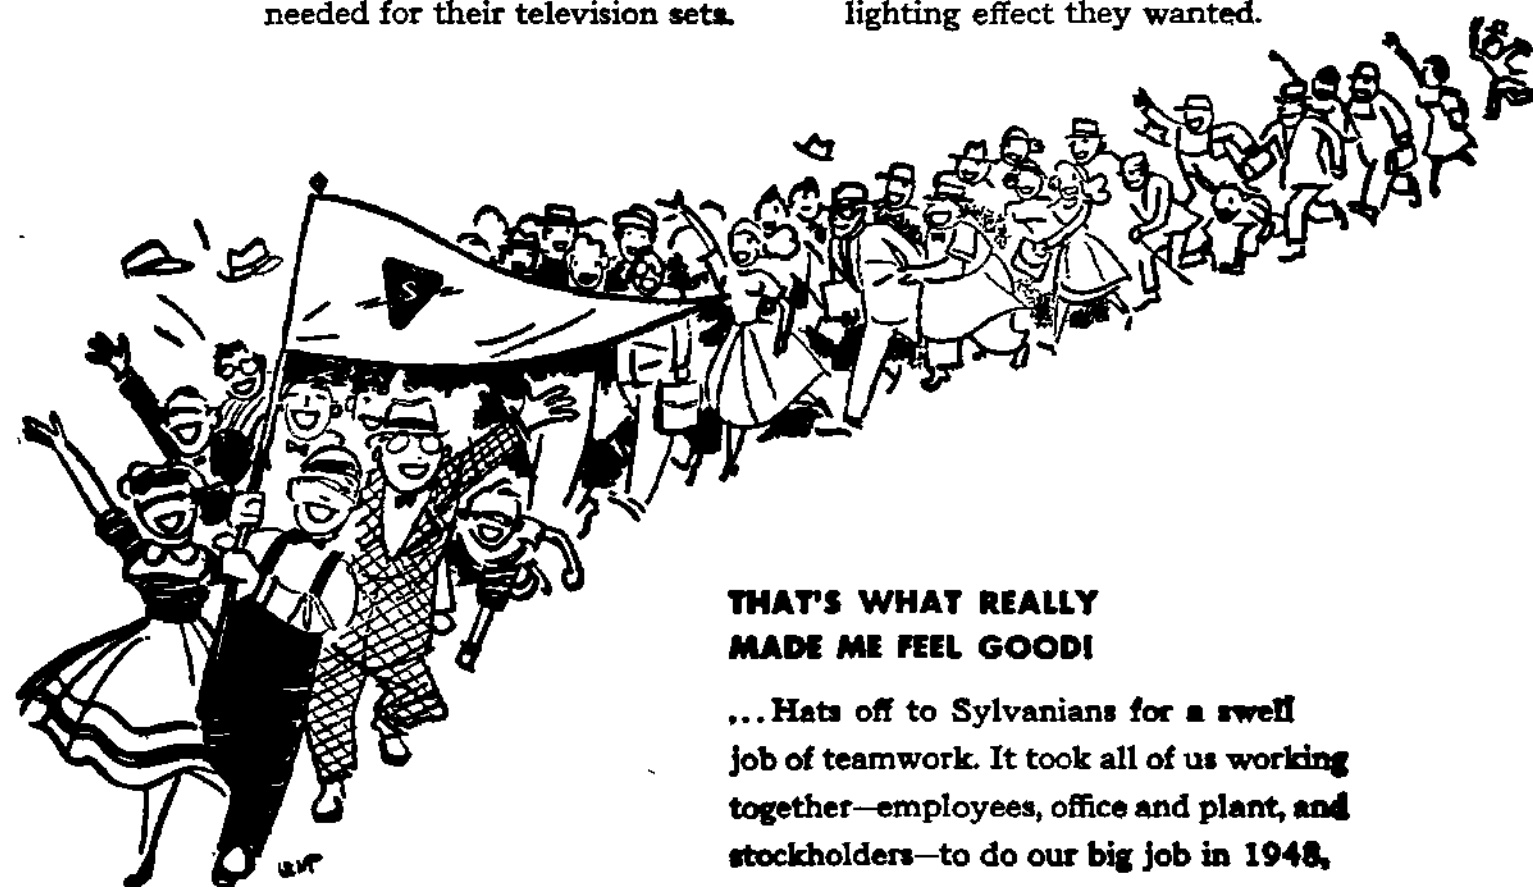

And an engineer named Henry insisted that Sylvania cathode ray tubes were just what his company needed for their television sets.

And there were countless homemakers who found that Sylvania bulbs would provide just the lighting effect they wanted.

### SIMPLIFIED PROFIT AND LOSS STATEMENT

# Optimist Club Show to Play Repeat Performance Tonight

"The snappiest, most magnificent stage show to play Warren in any year," "the most colorful beautiful show to ever be witnessed by Warren audiences," were a couple of the many complimentary expressions to be heard on last night's performance of "Headin' Hollywood", the Warren Optimist Club show, which played its first night show at the Warren High School auditorium. The audience which filled the auditorium capacity was high in their praise of this magnificent musical comedy. Each of the 100 actors and actresses went into their roles with a rap and precision, as is seldom seen in the average home talent show. There wasn't a dull moment during the entire two hours and twenty minutes of production. Optimists and many others are in their praise of Earl A. Rager, producer, and cannot understand how such a miracle show could be produced in the short space of two weeks. Also much praise was given Mrs. Rager for her beautiful costuming of the show, and for the manner in which she, with wives of Optimists, handled the dressing rooms backstage. Every thing to the smallest detail moved with clock-like precision, and many remarked that they wanted to return again tonight and see the show again, which alone attests to the merit of the show itself. Tickets for tonight's performance will be on sale again this evening at the High School beginning at 7:30, for tonight's performance. The advance ticket sale for tonight has been very heavy but plenty of seats can be had at the doors. The Optimist Club of Warren have worked hard to make this show the huge success it has been, and are deeply grateful to the residents of Warren who are patronizing the show and thus helping in the most worthy cause of the boy's work of the club. Curtain will go up again tonight at 8:15 on "Headin' Hollywood," and it is anticipated that another capacity house will greet the show. A real treat is in store for all of those attending. An evening of fun and real enjoyment will be given to all those who will tonight witness this mammoth production of "Headin' Hollywood."

# Gloomy St. Patrick's Day Forecast Made in Frankfurt

Frankfurt, Germany—(AP)—"If the world doesn't end, they probably will be all right," the astrologer said. To all this, the Frankfurt Neue Presse commented: "The starry heaven is not as dangerous as the diplomacy of human beings. Don't worry x x x about Heaven." Over 100,000 products are made entirely or partly of stainless steel from jewelry to jet engines. Everybody reads the Times-Mirror. Is your fudge as creamy-smooth as Mrs. Fred Pulse's?

An astrologer said "it's true that we don't always agree." "Somebody predicted the end of the world, but most of us believe only there may be serious happenings," he said. "The sun and stars are in conjunction. Always that is a dangerous time." "Most astrologers believe there will be storms, natural catastrophes, explosions or deaths of prominent persons."

And what about Ireland and the Irish on March 17?

To Speak At  
YM Meetings****DR. ARTHUR B. FOWLER**

The first of three Lenten services centering around the theme, "The Cross," will be held in the Warren YMCA Thursday evening, March 24, with Dr. Arthur B. Fowler, dean of the Buffalo Bible Institute, as the speaker. His subject will be "On the Cross."

Dr. Fowler made many friends in Warren while conducting several bible study courses at the Y a few years ago. The Religious Emphasis Committee of the YMCA with Robert R. Young as chairman, is sponsoring the three meetings, and is planning for a large attendance to hear Dr. Fowler.

The meetings will start at 7:30 p. m., and will be open to men and women as well as young people of Warren and vicinity.

There will be no admission charge, but an offering will be taken at the final session to help defray expenses.

**POLICE NAB 298  
DURING FEBRUARY**

Warren borough police made 298 arrests and collected fines totalling \$328.50 during the month of February, according to a report submitted to the Borough Council by Chief George Haehn.

The report listed 275 arrests for parking violations, most overtime stays at parking meters, 11 for drunkenness, two for disorderly conduct, two for larceny, two for crashing a red traffic signal, and six for driving too fast for conditions.

Parking meter collections for the four-week period ending February 27, totalled \$1,498.83, as compared with \$1,340.15 for a similar period last year.

Fire Chief C. A. Albaugh reported the fire department answered 13 calls, mostly grass fires, during February, and that there was no fire loss.

L. E. STOTZ

This is the time of year when, given normal weather conditions, a column is usually devoted to the subject of forest fire prevention. However, at this writing, up to eight inches of snow carpets the woods on the forest, and more snow is beginning to fall. As Old Man Winter gets in his last punches it is hard to realize just how quickly the south exposures on the open hillsides can dry out in the spring, and become flashy fuel so I shall go by the calendar, rather than present conditions outdoors, and touch upon the subject of fire.

In planning for adequate fire suppression on the Allegheny forest the forest service must always take a somewhat pessimistic attitude, and plan for the inevitable dry cycle which might start in 1949 or perhaps not until 1959 or later.

Recently a two day fire training school was held by Allegheny Forest personnel and, in addition to refresher courses on routine fire prevention, detection and suppression techniques, considerable time was devoted to developing plans for the rapidly expanding organization needed for handling big fires, or a great number of fires occurring at the same time.

We have been fortunate in the past few years in being favored by normal fire weather, or perhaps even a wet cycle, so that the average number of fires annually has been low and acreage burned held to a minimum. It is this sort of situation that can breed complacency so that when the cycle does change, as it surely will, unless plans are perfected well in advance the normal fire organization, without plans for rapid expansion, proves inadequate for handling the rapidly increasing fire load.

Adequate fire tools are on hand on the Forest to handle large fires, or a concentration of fires at one time. Better radio facilities will soon be made available. Marine pumps on hand are adequate, but more can be obtained from other National Forests if the situation demands it. On the whole we feel that we have the equipment to handle large fires, and with a "Large Fire Organization Plan" now set up we are in a position to reach out for more trained personnel as needed.

As an example of the organization needed to properly handle a large fire requiring 300 or more men on a shift basis the following are the key positions that must be filled by trained men: Fire Boss; Scouts; Investigator; Sector Bosses; Crew Bosses; Water Bosses; Communications Chief; Transporter; and Supply Officer; Pump Operators; Radio and Telephone Operators; Camp Boss; Time Keepers; Camp Supply Officers; Cooks.

**GARLAND**

Among the Garland residents who motored to Pittsburgh to see the Ice Festival were John Taylor, Norman Taylor, Joe Barron and Henry Stec.

The second snow storm of the winter hit the Brokenstraw Valley over the weekend, heavily weighing down the branches of trees and making motoring hazardous.

Among Garland ladies attending the meeting of the Eastern Star at Youngsville recently, were Mrs. H. G. Irwin, Jr., Mrs. Russell Smith and Mrs. E. Price.

Mrs. Harriet Horn is back home following some time spent in the Warren Hospital fighting threatened pneumonia. Her sister, Mrs. Gibson, of Kane, who recently suffered a slight stroke, is somewhat improved.

Mrs. George Fish was hostess to the Woman's Auxiliary of the Presbyterian church. There was a large attendance and much interest is being manifested in the various activities of the society.

Wave N. Carlson is confined to the house this week with a bad cold.

Garland friends of Miss Smutz, of Tidoute, were sorry to learn of her tragic death.

Mr. and Mrs. Russell Smith and children, and Norman Taylor, attended the funeral service of Anna Brezelle, held at the home of her daughter, Mrs. N. B. Huting, at Irvine. Mrs. Brezelle was a cousin of the late Mrs. Thompson of Pittsburgh. Mrs. Colbert worked for Norman Taylor Saturday during his absence.

Mrs. A. H. Maiden, now of Salisbury, passed her 81st birthday on March 4th. Mrs. Maiden lived many years in Garland and has many friends here who are glad to learn she is well and active.

Raymond Tripp is getting out again following his recent illness. The following relatives were recent guests at the home of Mr. and Mrs. Ed Williams: Mr. and Mrs. Hudson Williams and son, Francis, Carl Williams and Martha Williams, of Jamestown; also Mr. and Mrs. Lloyd Williams, of Sugar Grove.

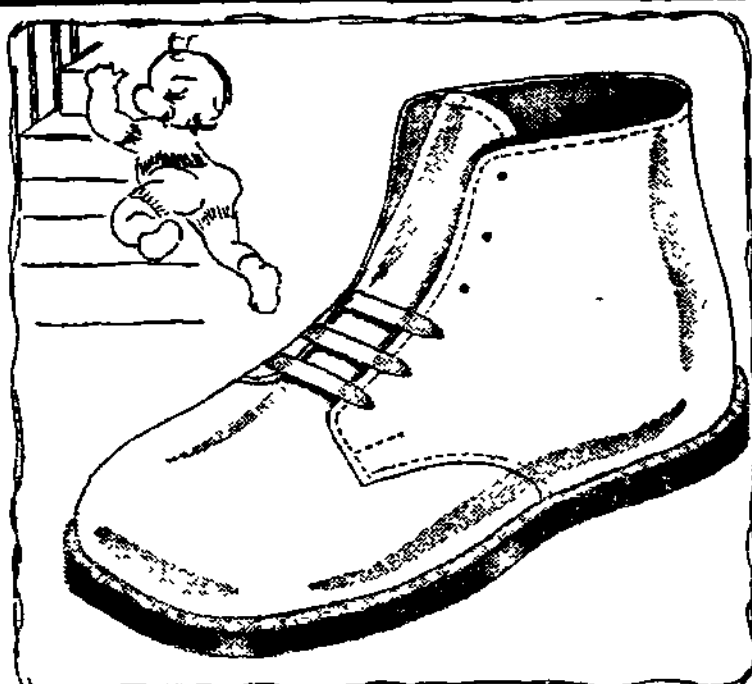

That's stretching a point. Actually, we haven't seen any leopards in Warren recently. What we're getting at is that if a wise leopard rubbed off a spot or two, he'd go to a specialist to have it touched up.

We're not stretching a point when we say that we are experts at touchup on scuffed paint on car fenders or bodies. Or when we say that we can walk down town any day and see a dozen cars we could make look a lot better for just a few dollars.

If your car has scuffed paint, drive in and see us soon. Our skilled retouchers will go right to work and make it look like new. If any leopards do drop in, they'll have to wait for you.

## Germany's Atom Smasher at 'Peace' Work

Dr. Walter Bothe, left, Germany's senior nuclear physicist, explains Heidelberg University's 12-million-volt cyclotron to a cancer specialist. The atom-smashing machine, only one in Germany to survive the war, is being used for "peaceful research" with permission of the U. S. Allied scientists say it would take Germany at least 100,000 years to produce a single atom bomb with the cyclotron, which has about 1/20th the volt capacity of American machines.

## CORYDON

Corydon, Mar. 14—The weekly dinner and business meeting of the Foreign Missionary society was held with an out-of-town member, Mrs. Johns, of Quaker Bridge. Sewing for the hostess occupied the time.

The Ladies' Aid society of the Methodist church met with Mrs. Rena Hammond. Mrs. Ruth Crooks presided in the absence of the president and also led devotions. The afternoon was concluded with a supper-luncheon served by the hostess.

Members of the board of education convened at the schoolhouse for the March meeting, with Ann L. VanSickel, vice president, in charge. It was a short session owing to no unfinished business, nor new business introduced. The secretary, Mrs. G. A. Prue, read a report of the February meeting. Mrs. E. L. VanSickel entertained the members of her card club. Five hundred awards were made.

Practically all local persons are in receipt of cards for the purpose of Red Cross donations being conducted this year by mail. The county quota is somewhere in the neighborhood of \$14,000.

Robins and the crows, appearing recently in this section, experienced a chilly weekend. After a long absence snowflakes were pressed into service because of snow-drifted highways.

Mrs. Olive Fair, spending several months in Florida, has arrived in Pittsburgh, where she is visiting her son, Robert Fair, and family. Mrs. Fair expects to come to Corydon this week.

Mr. and Mrs. James Bernard and children left recently for their home in Buffalo following a visit with her parents, Mr. and Mrs. Marvin Russ.

Theodore Whyte has returned to Cleveland, after a weekend stay with Mr. and Mrs. Charles Whyte. According to report, Mr. Whyte plans building a home in Corydon. Mr. and Mrs. L. J. Learn were recent Warren and Jamestown callers.

Miss Thelma Crooks, Warren, spent the weekend with local friends. Mrs. Goldie Hays, of Cleveland, has been a guest of her daughter, Mrs. Marshall Witcox. Rev. and Mrs. DeForest Tennes,

spending the past week in Virginia visiting their daughter, have arrived home.

Mrs. E. M. Stoltz and Miss Viola Doverspike spent a day last week with Mr. and Mrs. W. P. Williams in Little Valley.

Mrs. Crawford Marsh, accompanied by Mrs. Gerald English, was a recent Warren caller.

Mr. and Mrs. Ed Zanzivitch are building a new home that is already underway.

Mrs. Thomas Kernell, Bradford, spent a short time here with local relatives and friends.

Mrs. J. B. Henderson has returned to Pittsburgh, following a week's visit at her Corydon home and with relatives.

Mr. and Mrs. George Prue were recently visiting in Warren and Bradford.

## June 18 Suggested As Date For Expectant Father's Day

By ARTHUR EDSON  
Washington (AP)—An invitation wrapped in a baby's napper, went out today to make Saturday, June 18, Expectant Father's Day.

And just to make it impressive, Mrs. K. Trammell, 23, the 1,000th member of the Expectant Fathers' Club, showed up at a special press conference.

As might be expected, the conference had a slight commercial, or less agent, tinge. The Expectant Fathers' Club is sponsored by the National Institute of Diaper Service, which is holding its annual meeting here.

But Mrs. Hope Lewis, president of the institute, maintains that the club has done expectant fathers a lot of good.

"We've always been neglected before, you know," she said. "We teach them how to put diapers on a baby, how to fold diapers so on. You'd be surprised by enthusiastic they are."

A couple of eager beaver lady reporters cornered Trammell. "Do you understand the kite?" one of them asked.

"Well, uh," said Trammell. "What did your wife say about her coming down here today?"

"Well," said Trammell.

"When will it be born?" "August," said Trammell.

Mrs. Lewis took over and said baby diapering steadily improves. "The old three-cornered job is obsolete," she said. "Absolutely the latest is the hour-glass diaper, cut like an hour-glass. You can pin this one without having to do any folding."

Attention here shifted to Dale Showalter, 11 months old, the sixth child of Mrs. Frances Showalter.

Dale was dressed in a white diaper and pink rattle.

"Look," said a photographer. "We'll do it this way. Give him your glasses. It'll look as if he jerked them off."

Trammell handed Dale his glasses. Dale fell over, bumped his head and began to yowl.

"What'll I do now?" asked Trammell.

**DRIVE ON COMIC BOOKS**  
Cambridge Springs Parent-Teacher association launched a campaign against "harmful" comic books at a meeting Monday. Supervising Principal J. C. Frindle and a study group of mothers of first, second and third grade children, were assigned to appraise all comic books in borough news-stands and stores.

## Franklin Elks Are Planning Anniversary

The Franklin Lodge of Elks will observe the 60th anniversary of its founding next week with a series of events, beginning with a banquet in the Elks home Monday evening, according to Fred L. Allen, chairman of the committee in charge of arrangements.

Hon. Charles Milton Newcomb of Asheville, N. C., will deliver the 60th anniversary address at the banquet. Mayor James G. Bohlander of Franklin, will preside as toastmaster.

Exalted Ruler Paul R. Hunter will present service awards and the Westinghouse quartet and the Franklin Elks orchestra will provide vocal and instrumental music during the program. More than 40 Elks with 25 years or longer membership in the Franklin lodge, including several with 40 years or more service, will attend the dinner.

The 60th anniversary class of candidates will be initiated Wednesday evening, March 23, beginning the membership to 760.

After the lodge ceremonies there will be entertainment for the entire lodge, with Jack Walton's instrumental Trio of Pittsburgh present.

Club Night, to which all Franklin Elks and their ladies are invited, will be an event of Saturday, March 26, with a buffet supper from 5:30 to 11 p. m., and dancing from 9:30 until midnight. Shaffer and his orchestra of Pittsburgh will play and Fay Parker will sing.

A number of district and state dignitaries have been invited to the functions of the week.

## Tree Nursery Inspected By Two Germans

Two representatives of the state secretary of agriculture from the State of Wurttemberg, Baden, in Germany, toured the Clearfield State Forest Nursery at Penfield recently as guests of the U. S. Department of Agriculture.

The two men, Dr. F. C. Herran and Dr. Heindric Stoebe, were taken on a tour of the nursery by Richard R. Houpt, director of state forest nurseries in Pennsylvania. Mr. Houpt conducted the men through the nursery and explained to them the workings of the various equipment there.

The men were part of a team of six representatives of the German government who are making a tour of this country to study agricultural administration and education in forests.

The team arrived in the United States on February 11 and spent some time studying the Federal Agriculture Administration in Washington. From there they went to Harrisburg where they had several conferences with the state secretary of agriculture and the secretary of the forest and waters department. While in Harrisburg

they visited farms in Lancaster and York counties and attended several farmers meetings with county farm agents.

When they left DuBois the two men went to Cook Forest in Jefferson county and over the weekend they visited New Jersey farms. They plan to join the other four members of the team in Washington in two weeks and then depart for Germany.

In 1948, about 36 million U. S. families were using gas for cooking.

### Reopening of Drag-Inn At YW For Members of Y-Teen Department

Freshmen and High School Girls' clubs of the YWCA have a room all their own in the activities building—known as "Drag-Inn". The girls have use of this room at any time for recreational purposes or for doing their home work.

But the Y-teens feel that members do not make the most profitable use of the room, so they're going all-out to have a grand reopening and make it as attractive as possible.

Right now, the place has some furniture, plus a radio and a ping pong table, and the girls are working toward getting a phonograph and some games. Other ideas are also in the wind.

Painting is a popular hobby, so it has been decided to paint murals on the walls to add to the charm of the room. The paint committee will outline the drawing on the wall and any member of Freshman or High School Girls' Club can help with the actual painting.

Saturday, March 19, is the day set for the big job. The YWCA will be open all day under the supervision of the program director, Cece Allison, who advises that the girls can come in any time they wish and stay as long as they want in helping with the painting project.

Mrs. Everett Eddy, chairman of the teen-age committee, announces that cocoa and cookies will be served to the girls during the day. Y-teens who plan to be at the "YV" over the lunch hour are advised to bring their own sandwiches.

Girls who help with the painting will also have use of the gym for dancing and sports when they are not working on a painting shift.

From the Y-Teen department comes this call:

"Let's make a big day of it, Y-Teens, and help improve our YW-CA."

### Month of Dramatics

Things have been piling up so thick and fast the past few weeks, what with special days, special editions and special events of one kind or another that we just haven't been able to keep up with all the happenings. One thing is for sure, a glance back over the calendar indicates March might as well be termed "The Month of Dramatics." Church groups have had 'em, PTAs have sponsored 'em, the Players Club and High School Dramatic Club have practiced 'em! Limiting its March studio show audiences to members of Players' Club, that organization staged two nights of entertainment that was a bit on the different side, tensely dramatic on one hand and hilariously funny on the other. The small cast of "The Giant Star" built up a tense scene as it enacted the events following the sudden disappearance and possible murder of the husband of one of the women. Meredith Jones played an able director. In the second show, hot from the pens of two club members, Ned Shulman and Monty McClure, and coached by their own capable hands, plenty of leeway was allowed for all the ham that is so carefully removed from the club's public productions and cast and audience joined in the time-honored phrase, "a good time was had by all".

At the high school, Dramatic Club members were put through their paces by Kay Martin for a capacity house's enjoyment of three varied offerings. Young love and its problems, crime and its aftermath, and youth's growing pains were combined in an evening of very pleasing entertainment.

Directors and production crews deserve curtain calls for their share in both productions, staging details being carefully worked out in both instances.

of the Bradford and Kane Married Couples classes, will be guests.

A special program is being planned, to be featured by Mrs. H. Burke Forbes' review of "The Big Fisherman" by Lloyd Douglas.

Arrangements are in charge of Mr. and Mrs. Earl Burbee, Mr. and Mrs. Ned Lauffer, Mr. and Mrs.

Ralph Owens, Mr. and Mrs. Earl Wright, Mr. and Mrs. William Tunnell, Mr. and Mrs. Gerald Snyder and Mr. and Mrs. Willis Loding.

### Capacity Turnout For Presbyterian Meeting Of Blue Supper - Meeting

Capacity attendance of members of all ages continues to feature the weekly Lenten supper-meetings at the First Presbyterian church.

More than 240 members and friends gathered at the church last night for the third of the series of six pre-Easter devotional meetings. The supper was served by a committee from the May R. Stone Class and the dining rooms were filled to capacity by the large turnout.

At the 8:30 devotional service, Dr. Robert S. Steen had for his "Christian Conviction—About God". Alexander C. Flick, Jr., was the lay leader, with Mrs. Warren Carlin in charge of the musical service. One of the features of the service was a duet by Mrs. C. P. DeLong and Miss Rosemond DeLong.

It was announced that next Wednesday's meeting will be a tureen. Serving will begin promptly at 5:30 and all who attend are requested to make reservations at the church office or to call Mrs. Robert Schwartz before Tuesday noon.

The topic chosen by Dr. Steen for next Wednesday will be "The Christian Conviction—About Sin and Salvation". The lay leader will be Kenneth Middaugh. Special entertainment for children between the ages of 5 and 12 will be planned, as usual, by a committee under the direction of Miss Joanne Whitehill.

The gas industry has more than 370,000 miles of pipe to gather, transmit and distribute gas to consumers.

### Humorous Play At Meeting Of Blue Stocking Members

The Blue Stocking Club held its regular meeting at the home of Mrs. Brackett Ayers, with Miss Kate Winger as assisting hostess.

A brief business meeting was conducted by the president, Mrs. Vance Weld, after which Miss Ethel Morris, legislative chairman, presented and discussed several important bills which are before the house. Mrs. Beecher Rutledge, who has made a careful survey of the measure in question, gave a very clear outline of the bills and recommended further investigation before deciding for or against.

Mrs. E. E. Koebley, program chairman, announced the entertainment for the afternoon, a clever and humorous play entitled "Good Medicine" and presented by Mrs. W. R. Caran, Mrs. Ernestine Hill and Mrs. Koebley. Each characterization was perfectly represented and very cleverly done, to the delight of all present.

Tea was served at a beautifully appointed table, centered with sweet peas, with Miss Mable Siggins and Mrs. E. H. Beshlin presiding.

The session was adjourned, to meet with Mrs. Leon Johnson on Tuesday, April 5.

### "Midge" Perkins Is Bride-Elect

Mr. and Mrs. E. W. Perkins, of Grand Valley, announce the engagement of their younger daughter, Marjorie Louise, to John B. Nash, son of Mr. and Mrs. Norman S. Nash, of North East.

"Midge", as she is known to her friends, is a graduate of Cambridge Springs High School and is now completing her senior year at Edinboro State Teachers College, where she is majoring in art education.

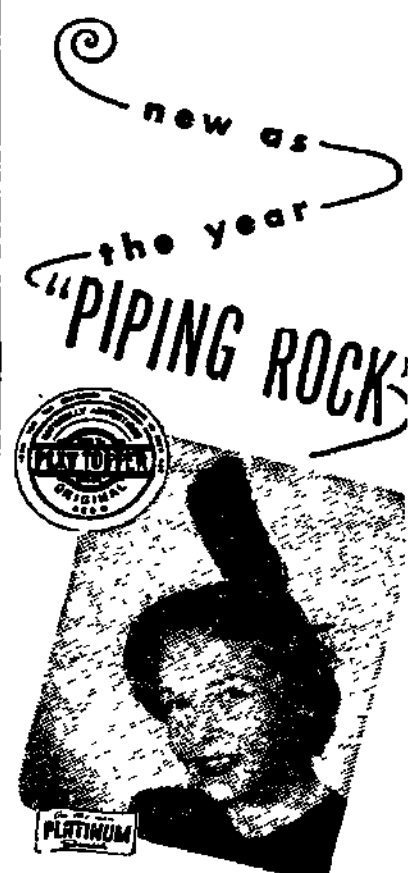

After graduating from North East High School, Mr. Nash spent three and one-half years in the U. S. Navy. He is now employed by the Richman Brothers Company, Erie, as manager of the furnishings department.

No date has been set for the wedding.

### Mrs. J. H. McBride Honored By Class for Service Record

Mrs. J. H. McBride was honored guest for a tureen dinner given at the home of Miss Mabel Siggins in recognition of Mrs. McBride's 16 years of service as secretary of the Elvidge Class of the First Presbyterian church and her birthday anniversary, which is March 20.

A delicious dinner was served buffet style from a table beautifully decorated with spring flowers and yellow candles. At the honored guest's place was a corsage of yellow rosebuds.

Following the first course, Mrs. McBride was presented with a cake, decorated with 16 candles, which designated her period of service as class secretary.

During the business session, Mrs. Arden Barrett read an original poem dedicated to the guest of honor and made the presentation of a class gift. Mrs. McBride responded with a gracious acknowledgment of the class remembrance.

Mrs. O. A. Pressel, class teacher, as a part of the program, pleased the group with a book review, "Forgive Us Our Tresspasses" by Lloyd Douglas.

Dinner arrangements were made by the hostess, Miss Siggins, assisted by Mrs. William Walsh and Mrs. E. T. Beck.

### Youngsville BPW Planning Annual Birthday Function

The March meeting of the Youngsville Business and Professional Woman's Club was held at the National Forge club house, with about 35 members present.

Mrs. Dorothy Retterer conducted the business session, at which time a nomination committee was appointed to select officers for the coming year and report at the next meeting the candidates chosen.

Miss Minnie Hanson was in charge of the program, which included showing of two interesting films. One showed many interesting places in Pennsylvania and the second was called "America the Beautiful" and the pictures were well described by the title, "America the Beautiful".

The second feature of the program following the pictures was a practical talk by Doris Byers, a state nurse.

Pleasant refreshments were served by the hostess group, consisting of Flora McDowell, Wave Carlson, Vivian Smith and Elizabeth Canfield.

The April meeting will be the annual club birthday party, with the hostesses, Mildred Harner, Helen Piper, Edith Gettis and Helen Untereiner.

### Social Events

#### REBEKAH LODGE MEETING AND PARTY

Nomination of officers will be the principal business to come before members of Lady Warren Rebekah Lodge at their regular meeting at 7:30 p. m. Friday.

A card party for the public will follow at eight o'clock, with prizes for the winners, and refreshments served by the committee.

Next Wednesday evening, the women are chartering a bus to go to Sheffield, where they will put on the degree work. Members of any surrounding lodges who would like to arrange for transportation with the group are asked to make bus reservations with Euelena Yeager.

#### ELECTA CIRCLE

The monthly meetings of the Electa Circle of the First Methodist church was held at the home of Mrs. Esmond Koebley. On the committee to assist the hostess were Mrs. Wayne Mahaffey and Mrs. Richard Love. Mrs. Francis Erickson had charge of the devotions and the program.

Mrs. A. L. Knopf conducted a short business session, after which the program chairman introduced the speaker, Miss Margaret Pittman, who gave a detailed explanation of the Advance Program for WSCS work in the next four years.

## District Boys Are Invited To Register For Hot Stove Baseball League Membership

Charles Musante, president of the Warren Chapter of the Hot Stove League, today invited all boys in the 9-to-15 age bracket in Warren, North Warren, Venturtown, Starbrick and Pleasant Township to sign up now for baseball league action this summer.

The Hot Stove League plans to sponsor a midwest baseball league for boys nine to 15 years of age, and an intermediate league for boys 12 to 15.

Plans call for at least one team from each ward or district in the area for each league, and additional teams will be organized where there is sufficient interest.

## No. Warren Cagers Win Tourney Tilt

North Warren trimmed the Oil City Eagles, 35 to 24, in an opening round game of a Gold Medal Independent Basketball tournament at the Titusville YMCA last night. Fisher led the way for North Warren with 13 points.

## Vi Sterling Posts New League Record

Vivian Sterling, firing for Betty Lees on Penn lanes last night, wallowed the wood for a thumping 593 aggregate on Penn slides last night. The series (185-219-189) set a new league scoring record for the Ladies' Major Tenpin League.

Other high individual scorers included Bernice Thomas with 192-141-181-518 for Hoagvall's Hardwares; and "Red" Walsh with 177-141-190-508 and "Jake" Harvey with 190-171-142-503, both for Marguerites.

Canisius and St. Marys were deadlocked for top position in the National Division of the Knights of Columbus tenpin league as the result of firing on Arcade alleys last night. Canisius whitewashed Villanova while St. Marys had to be content with a 3-1 split with Marquette.

Mike Bleech, rolling the clean-up slot for Canisius, rattled the maples for a nifty 615 total on lanes 196, 202 and 217. Castagnino was credited with 190-221-166-577 for Villanova; and J. Musante net 122-201-227-550 for St. Marys.

Helen Clifford posted the top score of 489 (170-130-189) for Coe's Paints in Ladies' Minor Tenpin League firing on Penn lanes last night. Jean Mulhaupt of the Struthers-Wells squad was credited with a 155-153-148-456 series.

Winnie Niemann, toiling the line for Barrett's Garage in Ladies' Matinee League action on Penn slides, got off to a blazing start with games of 201 and 185, and then dropped way down in the final round to 188 to finish with a 522 series.

## Champion Pin Setter Earns \$6,000 Year

Atlantic City, March 17—(P)—Ordinarily, you'd figure setting pins in a bowling alley is a lowly job. Pretty hard on the back. Little future. Little money in it. You're wrong.

Meet Robert F. Williams of Hollywood, Calif. He has earned \$6,000 a year for the past 10 years. Right now he's setting pins at the American Bowling Congress tournament.

Williams took leave from his job as a pin setter in Detroit just to take part in the ABC tournament. Williams can set pins at a rate of 20 games an hour. That means he picks up and resets 2,400 pins an hour. The most games he has set up in one day is 211. He earned better than \$22 that day.

As for the tournament, there was a change in the standings yesterday. Four bowlers got into the high 600's in singles but couldn't crack the first ten.

Stainless steel can be drawn into wire so fine that one pound will stretch out for 25 miles.

## Struthers-Wells, Style Shop Cagers Tangle Again Tonite

The second round of a best-out-of-three series between Style Shop and Struthers-Wells for the championship of the YMCA City basketball league will be played on the Y floor tonight.

The pressure will be on the Haberdashers, for they have to win to stay in the running for the crown. Struthers-Wells won the opening game by a narrow 49-46 margin and can clinch the title by winning tonight.

Game time will be 8:30 o'clock, with a preliminary round between Hooktown and the Rangers of the Y Junior League slated for 7:15.

Admission will be 35 cents for adults and 25 cents for students, with the proceeds to be used to help defray the costs of removing the rounded corners from the balcony of the Y court.

**Woodlot Protection**

**WILLIAM O. KEEFER**  
Pennsylvania Department of Forests and Waters

We cannot at any time express too strongly the need of protection of Farm Woodlots from the danger of fire. The spring fire season is considerably more dangerous than any other season of the year; owing to an accumulation of leaf litter and debris built up over a year's period of time. Some woodlot owners have recently conducted logging operations with little regard for the value of the future crops of timber as affected by the presence or absence of fire. If the owners have cut their timber wisely on a selective basis, the fire hazard will be maintained at a minimum.

After a logging operation has been conducted, large amounts of debris in the form of tree tops add to the potential fire hazard. This can be counteracted by the clearing of the woods of this undesirable condition. Utilize as much of the larger stems and branches as possible for fuelwood. Chop and cut, then pile or scatter the resulting brush. Through the piling of brush, some of our wild life will find shelter and food. If scattering, the debris will decompose rapidly.

Another spring activity can be turned towards the creation of new forest lands and reforestation. Seedlings for reforestation can be obtained from private nurseries or from the Commonwealth's Nurseries.

If you are planning to reforest idle acres with State seedlings for timber production or forest products, orders for stock should be placed at least six months in advance.

Keeping Pennsylvania green is the responsibility of all citizens of the Commonwealth. Protection of existing forests from fire is the first consideration. This, tied in with reforestation and wise cutting of our timber, will make the State of Pennsylvania a better place in which to live.

Many pie crust mixes are on the market today and many claims are made about them, but according to housewives' preferences, as determined by what they actually buy, there is no pie crust mix like Flako.

Flako is America's largest selling pie crust mix. It has been preferred for 27 years by more housewives than any other similar product. No other pie crust mix has stood the test of pleasing so many housewives for so long. Flako is time-proven, value-proven, oven-proven, and flavor-proven. It is the most widely imitated pie crust mix in America—the mix they all try to copy. But there still is no substitute for Flako.

**There's Only One Flako**

Try a single package of Flako. Your own baker, tastier pie will at once tell you why Flako is America's largest selling pie crust mix. The best and nothing but the best ingredients go into Flako. The best flour, baking powder, shortening and salt. The same fine quality ingredients you use. And these are precision-mixed so that you are assured delicious results at every baking. You can't miss with Flako. Get yours today. Also ask your grocer for Flakorn Corn Muffin Mix and Cuplets Cup Cake Mix. All made by the same company. All will delight you.

That very colorful government official, Maury Maverick, gave libraries some nice publicity in his article "Books and Congressman" in last Sunday's New York Times Book Review. Mr. Maverick, who whittles his remarks to a very fine point, advises the members of the 81st Congress that the day is past when their reading can be confined to scanning their dinner invitations. "I feel urged to advise that if you expect to give us a fair deal you must give a fair deal of your time to books," says Mr. Maverick.

Then he explains to them the value of the library in not only providing books but in looking up information. Of course, he is referring to the Library of Congress, but any library (and especially including the Warren Public Library) is glad and willing to do reference work for its customers.

The whole world is engulfed in a sea of words, it seems. The local library doesn't guarantee to come up with the right answer in every case, but it is willing to dive in.

The memorial book list continues with the following:

## Goal Is Set By Methodists For Projects

All Methodists of the area will be interested in announcement that Erie Conference goals under "The Advance For Christ and His Church" have been set at \$210,000 for the next four years.

The figure was set at a meeting of the Conference committee on advance, held in First church at New Castle, according to Rev. E. W. Chitester, who is a member of the Erie Conference public relations committee.

These goals are for special missionary and advance projects and are in addition to the one-third increase asked for world service over last year's giving.

Of the \$210,000, the sum of \$42,000 was designated for use within the Erie Annual Conference territory to secure certain strategic work projects where help is greatly needed. Another \$21,000 will be applied to special projects in overseas relief as the share of Erie Conference Methodists in meeting the great needs of that section of the post-war world.

Other special grants will be made for work among negroes in Maryland, Mississippi, and for missionary work in Angola, Africa, where Dr. and Mrs. Alexander Kemp, of Chautauqua, Dr. and Mrs. Ralph Dodge, of Little Valley, N. Y., and Rev. and Mrs. Everett Woodcock, of Coharnton, are missionaries for the church. To these projects has been assigned \$147,000.

Cultivation of the above projects is under way. Missionaries on furlough will speak in various churches of the Conference during April 28-29 and the four districts of the Conference will offer further promotion at their meetings in May.

The Committee on Advance expects the entire amount of \$210,000 to be underwritten by churches and members by June 5, 1949.

## Chemist To Speak

Chemists and chemical engineers of this area will have an opportunity to hear a noted consultant chemist, Philip Sadler (above), president of the American Chemical Society, when he speaks Friday, on "A Chemist Discovers Infra-Red," according to an announcement by M. C. Hoffman, chairman of the Pennsylvania-New York Western Border Section of the American Chemical Society. The meeting will be held at The Castle, one mile from Olean, New York, on the Olean-Allegany road and will be preceded by a dinner at 6:30 p. m. This location should enable students from St. Bonaventure to attend the meeting. Dinner reservations should be made promptly with R. M. Houghton, Houghton Laboratories, 489 Vermont Street, Olean, New York. Mr. Sadler's talk will be illustrated by slides showing the operation of the infra-red spectrophotometer and of many spectrograms of various compounds from different types of research and industrial work. Spectrograms are of pure and commercial compounds, including many mixtures.

CLASSIFIED ADS accepted until 11 a. m. on day of publication.

**KANE GETTING TOUGH**  
Kane this week joined the communities in this section with a tough parking ticket enforcement program by mailing approximately 100 summonses to motorists who have failed to pay parking fines. In addition to the fine, the costs will now be added and failure to pay immediately will bring further costs. Kane officials said the enforcement policy will be standard practice from now on.

## Today's Business Mirror

New York, March 16—(P)—Heads of some of the nation's biggest corporations speak up today on the business outlook for 1949—not so much for industry as a whole, but for the one thing they are supposed to know the most about, their own companies.

Steel, autos, utilities, textiles, food, petroleum, house furnishings—these are the industries they assess. Four spokesmen think their companies will do as well or better this year than last. Five think the going will be tougher. Most of them, on either side, add they are keeping their fingers crossed, and

their salesmen on their toes.

The most optimistic is Prentiss M. Brown, chairman of Detroit Edison. He tells the utility's stockholders earnings should be "substantially better than last year," when earnings topped \$10 million and equaled \$1.49 a share. He thinks output will rise 7 per cent and gross revenues 16 per cent.

So far this year, St. Joseph Lead Co. has been booming along at a record high earnings clip, Clinton H. Crane, chairman, says. Whether the company holds the pace depends largely on how much government stockpiling will bolster slumping industrial demand.

which has led to price cuts in recent days.

U. S. Steel is another company that many observers expect to see announce peak earnings for the current quarter. Irving S. Olds, chairman, says 1949 production should top its 1948 record—provided raw materials continue available, work schedules continue uninterrupted by labor strife, and plants now being built are completed in time.

Olds' long-time view is less optimistic. He says the steel boom will be a thing of the past before the government could build any mills as has been suggested. That would take two or three years.

Coincident with the Olds' defense of private steel company expansion records, commerce secretary Charles Sawyer reports to President Truman and congress that the steel shortage "continues to be serious."

The auto industry could sell 6 million cars and trucks this year if it could make them, a Ford official says. Vice President J. M. Davis adds, however, that about half of that number will have to be "sold" by salesmen who can "rekindle the consumers' desire to buy."

How does all this look to Wall Street? Well, Emil Schram, president of the New York Stock Exchange, takes a look today at industry as a whole. Inflation has reached its peak, he says in Norfolk, Va.

"I wouldn't call it a recession," Schram says. "It's more of a leveling off period, which everyone expected."

Mayburg, March 15—Roland Wilson and son, Jack, of Warren, will be the former's parents, Mr. and Mrs. Scott Wilson, one day last week.

Mrs. Ezra Gruhs and Mrs. Lee Dunkle attended the funeral of James Jones at East Hickory. Mr. and Mrs. Clyde Littlefield, of Duke Center, spent Sunday at the Kenneth Littlefield home.

Mr. and Mrs. W. Fitzgerald, of Warren, were recent dinner guests of Mr. and Mrs. E. F. Merchant.

Harry Howard, of Morrison, and Merly Haynes, of Bradford, were business callers at the Lee Dunkle home last Wednesday evening.

Rev. and Mrs. Stud and Mrs. E. F. Merchant were in Erie on Wednesday.

Visitors at the Lee Dunkle home over the week-end were Marie Temple, of Warren; Mr. and Mrs. Henry Howard and family, of Morrison; and Mr. and Mrs. Glen Barton and son.

## 13-Year-Old Dad Through With School

Paw Paw, Mich. — (P) — Thirteen-year-old Carl Harvey Blake, Jr., protested today that he couldn't go back to grammar school, even if the law said he should.

"After all," he said, "I've got a wife and child to support."

Husky young Carl, whose dark-haired 16-year-old wife, Winifred, bore him a baby Feb. 23, said his first duty as a family man was to find a job.

Under Michigan law, however, Carl is supposed to go to school until he is 16 or until he finishes the eighth grade. He quit at the end of the sixth grade to get a job in a construction company in Grand Rapids.

Now school officials in Van Buren county are baffled. One said privately:

"I'm afraid Carl might be a little old for the rest of the students. Perhaps we can find some other solution."

In the meantime the handsome youngster is worried about supporting his new family. Now living with his wife's parents, Mr. and Mrs. Leo Singleton here, he allowed that he was having his troubles.

"Work is pretty hard to find, anyhow," he said, "but due to my age it's even worse."

After the news of the baby's birth got out, surprised authorities began investigating. They found that Carl and Winifred were married last fall by Probate Judge Merle H. Young. Now retired, Judge Young married the young couple under a law making it possible for them to over the ages.

The 176-pound youth, obviously old for his age, met Winifred while her father was working for Carl's father in his junkyard in nearby Lawton.

### SUGAR GROVE

Sugar Grove, Mar. 16—Local volunteer firemen, at a special meeting, were measured for new uniforms and placed their orders.

Howard Curtis and son, Darwin, have returned from spending several weeks in Florida, and Bert Stockton, from a vacation trip to Florida and Cuba.

The Evangelical Male Quartet of Asbury Seminary at Wilmore, Ky., will give a concert in the Sugar Grove Methodist church at 7:45 p. m. Friday. John Clark, of Corry, who has sung in the local church on several occasions, is a member of the quartet. There is no admission but a silver offering will be taken. All interested are cordially invited.

The C O Circle of the Methodist church will meet Thursday evening at the home of Mrs. Howard Onnuk.

The Women's Missionary Society of the Presbyterian church will meet at the home of Mrs. J. A. McIntosh Thursday afternoon at two o'clock.

Fifteen women and Girl Scouts attended the mother and daughter tea in Warren Saturday afternoon. The girls exhibited their project on bookbinding and Mrs. R. S. Cumming, with the help of other committeewomen, arranged an interesting nature study centerpiece.

Mrs. A. A. Grant entertained the N B Club Thursday evening. Mrs. Gerald Miller received high score and Mrs. Harry Webster and Mrs. Clifford Storms were guests.

Mrs. Harry Hards, of Port Allegany, has been spending a few days with her sister, Mrs. F. A. Schoonover.

Mr. and Mrs. Donald Haggerty, of Jamestown, who have returned from spending several weeks in Florida, were recent guests of their sister, Mrs. Bess Beedle.

Rev. and Mrs. Carl Perrin, of Emblenton, were calling on friends here this week.

Mrs. Mildred Palmer, of Busti, who has been spending several weeks with her daughter, Mrs. Wayne Abbott, left last week to visit her son in New Britain, Conn.
